**BIOENGINEERING (PMBI)**

Graduate Degree Program  
College: Engineering

**Abstract**

The Professional Master of Engineering program is designed to assist engineers and technical professionals in the development of their careers and to provide the expertise needed in the rapidly changing business, government, and industrial environments. Late afternoon, evening, and 100% online classes are taught by the College Park faculty and experienced adjunct faculty at the College Park campus and designated learning centers in Maryland. For domestic students the program can be completed on a part-time basis, however international students must be enrolled full time.

**Admissions**

**General Requirements**

- Statement of Purpose ([https://advancedengineering.umd.edu/application-process](https://advancedengineering.umd.edu/application-process))
- Transcript(s)
- TOEFL/IELTS/PTE (international graduate students [https://gradschool.umd.edu/admissions/english-language-proficiency-requirements](https://gradschool.umd.edu/admissions/english-language-proficiency-requirements))

**Program-Specific Requirements**

- Letters of Recommendation (3)

Applicants with an undergraduate GPA of less than 3.0 may be admitted on a provisional basis if they have demonstrated satisfactory performance in another graduate program and/or their work has been salutary.

Applicants with foreign credentials must submit academic records in the original language with literal English translations. Allow at least three months for evaluation of foreign credentials. International applicants are advised to review the Graduate School English requirements to learn whether or not the submission of TOEFL or IELTS scores is required.

**Facilities and Special Resources**

Students in this program pay a special tuition rate, which does not differ between residents and non-residents of Maryland. This rate is not fully covered by graduate assistantships, fellowships or the tuition remission. Additional graduate student fees are charged. **Tuition and fees are subject to change.**

This program does not provide departmental assistantships or fellowships. Loans, work-study and need-based grants for citizens and permanent residents with demonstrated financial need may submit a Free Application for Federal Student Aid (FAFSA) by appropriate FAFSA deadlines ([https://fafsa.ed.gov/deadlines.htm](https://fafsa.ed.gov/deadlines.htm)).

**Faculty**

- Completion of calculus I, II, and III, differential equations, and engineering science (e.g. fluid mechanics, transport phenomena or thermodynamics), as well as a basic course in biology
- Applicants who do not have an adequate background in engineering science will be required to take ENPM672 in their first semester.
- Completed applications are reviewed on a case-by-case basis. Please visit the department website ([https://advancedengineering.umd.edu/application-process](https://advancedengineering.umd.edu/application-process)) for more information.

For more admissions information or to apply to the program, please visit our Graduate School website: [www.gradschool.umd.edu/admissions](http://www.gradschool.umd.edu/admissions)
