ENTOMOLOGY, MASTER OF SCIENCE (M.S.)

Thesis only: 30 credits

In the M.S. program, the student is given latitude in the selection of the advisory study committee, the choice of a study area, and the selection of a research program. The student must take core courses and specific courses required by the study area committee. The M.S. degree is awarded following the successful completion of course work (24 credits), thesis research (6 credits) and thesis defense.
