

# INFORMATION SYSTEMS (BMIS)

## ABSTRACT

Maryland Smith's Master of Science in Information Systems program gives you the cutting-edge data science, IT and analytical skills you'll need to stand out in the job market and help company leaders make informed decisions.

- Learn the best ways to manage data using the latest analytics tools and explore how to help business leaders further adapt to a changing technological landscape.
- Participate in case competitions and do simulation exercises that mirror the challenges you'll face in the workplace.
- Build relationships with other talented students from diverse academic backgrounds and boost your skills under the guidance of expert faculty.

## Financial Assistance

Financial aid is available to qualified students in the form of fellowships, graduate assistantships, and scholarships.

## Facilities and Special Resources

The Office of Career Services (OCS) provides dedicated, professional support to help students launch their careers. The center links students directly to recruiters through a variety of services, including on- and off-campus recruitment and the online resume database. The OCS also participates in regional and national career forums and job fairs.

The Smith School is located in the Baltimore/Washington, D.C./Northern Virginia corridor. This region offers one of the highest concentrations of culture, diversity, and career opportunities in the country.
