**NEUROSCIENCE AND COGNITIVE SCIENCE (NACS)**

Graduate Degree Program  
College: Behavioral and Social Sciences

**Abstract**

The NACS program offers a wide range of research and training opportunities for students who are interested in pursuing doctoral-level research in a variety of areas within neuroscience and cognitive science. Faculty research interests center around seven main areas: Cellular & Molecular, Sensory & Motor Systems, Computational Modeling & Theory, Language & Speech, Cognition & Emotion, Development & Aging, and Disorders & Treatment. Research approaches include both the theoretical and experimental, with several laboratories doing both. Research and training activities of NACS take place within the laboratories of faculty in 20 participating departments and units: Aerospace Engineering, Animal and Avian Sciences, Biology, Computer Science, Electrical and Computer Engineering, English, Entomology, Epidemiology & Biostatistics, Hearing and Speech Sciences, Human Development, Kinesiology, Linguistics, Philosophy, Psychology, and Teaching and Learning, Policy and Leadership, as well as the Center for Advanced Study of Language, the Institute for Advanced Computer Studies, the Institute for Systems Research, the Maryland Neuroimaging Center, and the Second Language Acquisition program.

The NACS program requires the completion of two required core courses and three out of five core courses, including introduction to neurosciences, cognitive neuroscience, computational neuroscience, cellular and molecular neuroscience, and cognitive science. The goal of the Program is to bring together the diverse perspectives and strengths of all the included disciplines in order to understand the working of the nervous system, the mind, and behavior. For more information, please visit our website: [http://www.nacs.umd.edu](http://www.nacs.umd.edu).

**Financial Assistance**

Fellowships are available on a competitive basis to both entering and continuing students, while qualified students may also receive teaching assistantships. In addition, some faculty have research assistantships for their students.

**Contact**

**Joshua Singer**  
Program Director  
Department of Biology  
0218 Cole Student Activities Building  
University of Maryland  
College Park, MD 20742  
Telephone: 301.405.5218  
Email: jhsinger@umd.edu

**Nan Bernstein Ratner**  
Graduate Director  
Department of Hearing and Speech Sciences  
0141G LeFrak Hall  
University of Maryland  
College Park, MD 20742  
Telephone: 301.405.4217  
Email: nratner@umd.edu

**Pam Komarek**  
Assistant Director  
Department of Biology  
0219 Cole Student Activities Building  
4095 Union Drive  
University of Maryland  
College Park, MD 20742  
Telephone: 301.405.8910  
Email: pkomarek@umd.edu

**Matthew Roesch**  
Admissions Director  
Department of Psychology  
2123G Biology/Psychology Building  
4094 Campus Drive  
University of Maryland  
College Park, MD 20742  
Telephone: 301.405.2274  
Email: mroesch@umd.edu

**Website:** [http://www.nacs.umd.edu](http://www.nacs.umd.edu)

**Courses:** NACS ([https://academiccatalog.umd.edu/graduate/courses/nacs](https://academiccatalog.umd.edu/graduate/courses/nacs))

**Admissions**

**General Requirements**

- Statement of Purpose
- Transcript(s)
- TOEFL/IELTS/PTE (international graduate students ([https://gradschool.umd.edu/admissions/english-language-proficiency-requirements](https://gradschool.umd.edu/admissions/english-language-proficiency-requirements))

**Program-Specific Requirements**

- Letters of Recommendation (3)
- Graduate Record Examination (GRE)
- CV/Resume

For more admissions information or to apply to the program, please visit our Graduate School website: [www.gradschool.umd.edu/admissions](http://www.gradschool.umd.edu/admissions)

Facilities and Special Resources
The Program, by virtue of its breadth, has access to the facilities of all the departments, institutes, and centers of its faculty members. These include the Institute for Systems Research, the Institute for Advanced Computer Studies, the Center for Advanced Study of Language, the Maryland Neuroimaging Center, and the various well-equipped research laboratories and department facilities of the faculty. Animal facilities are available where necessary. NACS has developed close collaborations with the National Institutes of Health (NIH), Children’s National Medical Center (CNMC), and Walter Reed National Military Medical Center (WRNMMC). NACS students can conduct research in laboratories with NACS adjunct faculty at these institutions. Thus, these relationships extend research and training opportunities for students while they get their degrees from the NACS program.
