

NUTRITION AND FOOD SCIENCE, DOCTOR OF PHILOSOPHY (PH.D.)

Requirements for the Ph.D. degree in Nutrition and Food Science include a mastery of the broad fundamentals of area of specialty, as well as the demonstrated ability to conduct independent research. Course requirements include: a minimum of 27 graduate credits of coursework including 9 credits of advanced nutrition/food science courses, beyond the M.S. degree and 12 credits of NFSC899. A minimum GPA of 3.0 is required to maintain good academic progress for graduation. The average duration of a Ph.D. degree program is 4-5 years, depending upon prior education and experience.

Advance to Candidacy: In addition to course requirements, students are admitted to full candidacy for the Ph.D. upon passing a comprehensive exam on core knowledge of nutrition/food science and submitting and presenting a research proposal.

Post-Candidacy: The student must complete at least 12 credits of NFSC899 Doctoral Dissertation Research as well as successfully defend an original dissertation before their graduate faculty advisory committee.
