

PROJECT MANAGEMENT (ONLINE) (MEPM)

Graduate Degree Program
College: Engineering

Abstract

The Professional Master of Engineering program is designed to assist engineers and technical professionals in the development of their careers and to provide the expertise needed in the rapidly changing business, government, and industrial environments.

Our high quality, challenging project management degree programs encompass technical expertise, behavioral competence, and strategic awareness. Courses are taught not only by esteemed faculty but also by industry experts. As the first project management program in an engineering school to be accredited by the Project Management Institute's Global Accreditation Center, the University of Maryland empowers students to put high-demand project management methods into everyday practice.

For domestic students the program can be completed on a part-time basis, however international students must be enrolled full time.

Financial Assistance

Students in this program pay a special tuition rate, which does not differ between residents and non-residents of Maryland. This rate is not fully covered by graduate assistantships, fellowships or the tuition remission. Additional graduate student fees are charged. **Tuition and fees are subject to change.**

This program does not provide departmental assistantships or fellowships. Loans, work-study and need-based grants for citizens and permanent residents with demonstrated financial need may submit a Free Application for Federal Student Aid (FAFSA) by appropriate FAFSA deadlines. For more information on this process, visit: <https://fafsa.ed.gov/deadlines.htm>.

Admissions

General Requirements

- Statement of Purpose (<http://advancedengineering.umd.edu/apply>)
- Transcript(s)

- TOEFL/IELTS/PTE (international graduate students (<https://gradschool.umd.edu/admissions/english-language-proficiency-requirements>))

Program-Specific Requirements

- Letters of Recommendation (3)

For additional program-specific admission requirements, please visit: <https://advancedengineering.umd.edu/project-management>.

***Visa Eligibility:** This program is not eligible for I-20 or DS-2019 issuance by the University of Maryland. For anyone needing these documents, consider applying for a full-time master's program offered on campus (<https://gradschool.umd.edu/engineering/meng-campus>).

Applicants with an undergraduate GPA of less than 3.0 may be admitted on a provisional basis if they have demonstrated satisfactory performance in another graduate program and/or their work has been salutary.

Applicants with foreign credentials must submit academic records in the original language with literal English translations. Allow at least three months for evaluation of foreign credentials. International applicants are advised to review the Graduate School English requirements to learn whether or not the submission of TOEFL or IELTS scores is required. For more information on the Office of Advanced Engineering Education admissions process: <https://advancedengineering.umd.edu/application-process>.

For more admissions information or to apply to the program, please visit our Graduate School website: www.gradschool.umd.edu/admissions

Application Deadlines

Type of Applicant	Fall Deadline	Spring Deadline
Domestic Applicants		
US Citizens and Permanent Residents	26 July	14 Dec
International Applicants		
F (student) or J (exchange visitor) visas; A,E,G,H,I and L visas and immigrants	26 July	14 Dec

Other Deadlines: Please visit the program website at <http://www.advancedengineering.umd.edu>

Requirements

- Project Management, Master of Engineering (M.Eng.) (<https://academiccatalog.umd.edu/graduate/programs/project-management-online-mepm/project-management-meng>)

Facilities and Special Resources

This program is currently offered 100% online. The Clark School of Engineering's Distance Education Technology and Services (DETS) office administers a live interactive distance education system and webcast course capture for students to take courses as they are happening or at a time convenient for their schedule. In addition to lecture dissemination, DETS provides state-of-the-art chat, bulletin board, video chat, group presentation, and discussion technologies that give our

distance students the same, if not more access to faculty and their fellow students.
