PSYCHOLOGY (PSYC)

Graduate Degree Program
College: Behavioral and Social Sciences

Abstract
Psychology is a remarkably broad field that studies mind and behavior at all levels of analysis ranging from the micro to the macro; from single cells to complex systems; from individuals to groups and cultures; and from invertebrates to humans. Some of these endeavors connect with the biological sciences and others with the social sciences. As analytical, methodological, and theoretical advances in one domain increasingly influence developments in another, psychologists collaborate in ever greater numbers with scientists in neighboring disciplines, resulting in new subfields that blend the biological and social sciences.

Our department reflects well this combined diversity of and collaborations among approaches. In recognition of this fact, we organized our training structure into 5 Ph.D. Specialty Areas:

• Clinical (CLIN)
• Cognitive and Neural Systems (CNS)
• Counseling (COUN)
• Developmental (DEV)
• Social, Decision, and Organizational Science (SDOS)

Research collaborations across areas are common and we encourage students to consider training across areas as well. The Department's doctoral programs in both Clinical and Counseling Psychology have been approved by the American Psychological Association. School Psychology, also an APA approved program, is offered in the College of Education.

Financial Assistance
The Department attempts to provide financial aid for all incoming students, although aid is not guaranteed. The different possible types of financial support include fellowships (nominated by the department), teaching assistantships, research assistantships, work on campus, and funded externships.

ADMISSIONS
General Requirements
• Statement of Purpose
• Transcript(s)
• TOEFL/IELTS/PTE (international graduate students (https://gradschool.umd.edu/admissions/english-language-proficiency-requirements/))

Program-Specific Requirements
• Letters of Recommendation (3)
• GRE Subject (Psychology) (Optional)
• CV/Resume
• Supplementary Application (https://gradschool.umd.edu/sites/default/files/2023-05/clinical_umd_programsupplemental_fall_2022.pdf) (Clinical Psychology only)
• Supplementary Application (Counseling Psychology only)
• Supplementary Application (https://gradschool.umd.edu/sites/default/files/2023-05/umdsupplementaryapplicationpsycdos2020.pdf) (Social/Decision/Organizational Sciences only)
• Description of Research/Work Experience (optional)
• Writing Sample (optional)

The Department accepts only those applicants who have demonstrated competence for completing the requirements of the doctoral degree. The typical student admitted to the graduate program has an overall undergraduate grade point average of 3.5 or above, a psychology grade point average over 3.5, GRE scores of 155 and above for Verbal and 147 and above for Quantitative, appropriate background experiences, outstanding letters of recommendation, research experience and/or previous relevant work experience, and goals congruent with the program. The Department of Psychology encourages applications from members of racial/ethnic minority groups.

Application Process: grdschool.umd.edu/admissions (https://grdschool.umd.edu/admissions/)

REQUIREMENTS

• Psychology, Doctor of Philosophy (Ph.D.) (https://academiccatalog.umd.edu/graduate/programs/psychology-psyc/psychology-phd/)
• Psychology, Master of Science (M.S.) (https://academiccatalog.umd.edu/graduate/programs/psychology-psyc/psychology-ms/)

FACILITIES AND SPECIAL RESOURCES

The Department of Psychology shares a building with the Biology Department and is centrally situated on campus near three libraries and the student union. The Department has state-of-the-art laboratories, computer facilities, and video equipment. The geographic location in a suburb of Washington, D.C. provides access to a wide variety of laboratory and training facilities in governmental and other agencies. In addition, we are near the national headquarters for The American Psychological Association and Association for Psychological Science.

The Department follows all regulations involved in the use of human subjects and animals.
