URBAN AGRICULTURE (Z091)

Graduate Certificate Program
College: Computer, Mathematical, and Natural Sciences

ABSTRACT

The Graduate Certificate in Urban Agriculture (GC-UA) is a 12-credit graduate program that can be completed in twelve months of continuous study. The GC-UA focuses on the growing of plants and the raising of animals within and around cities. Students acquire the necessary skills to maintain plants and beneficial insects in and around these settings. The program also focuses on the urban ecosystem and urban policies and plans.
