**YOUTH EXPERIENCE (Z113)**

Graduate Certificate Program  
College: Information Studies

**Abstract**

The Post-Baccalaureate Certificate of Professional Studies in Youth Experience will build the capacity to better adapt to the changing landscape of youth learning and technology. The Post-Baccalaureate Certificate of Professional Studies in Youth Experience prepares librarians to promote 21st century skills among youth ages 0-18 through incorporating participatory design principles, design thinking approaches, and dynamic community partnerships in their offerings of programs and services. At the completion of the online certificate, librarians will be able to:

- Facilitate learning with technology in any physical, virtual or hybrid learning environment using tested skills and practices for different types of youth.
- Methods for engaging youth as co-designers using the design thinking process.
- Demonstrate an understanding of the issues, concepts, and policies related to youth-led learning and programming through libraries.
- Implement best practices to be inclusive of all youth’s needs, in particular youth from disadvantaged populations;
- Apply core theories and models from information science and learning sciences to address needs of youth; and
- Partner with other cultural institutions and community organizations to help with youth programming, education, and other projects related to youth development.
