The goal of the department is to develop the student's critical understanding of visual culture in both art historical and archaeological contexts. Undergraduates are offered a diverse selection of courses in the art and archaeology of Africa, the Americas, Asia, and Europe. Students are encouraged to supplement their art historical and archaeological studies with courses in other fields, to participate in internships at local museums and galleries, and to take advantage of Maryland's study abroad programs. Students with GPAs of 3.5 or higher and who have completed a minimum of 60 credits may apply to the department's honors program.

Opportunities

Internships

The location of the University between Washington and Baltimore gives students the opportunity to use some of the finest museums and archival collections in the world for their coursework, independent research and internships. Art History majors are encouraged to supplement their art historical and archaeological studies by applying to internships at local museums and galleries. For more information regarding local museum and gallery internships in the DC-Baltimore region, please consult the departmental website: http://arthistory.umd.edu/internships (http://arthistory.umd.edu/internships/).

Experiential Learning

Students of junior standing or higher may receive academic credit for spring or fall museum/gallery internships via ARTH386. This course may count as one of the seven 3xx/4xx-level ARTH courses required for completion of the ARTH major. Prerequisites: permission of the Department and 60 credit hours completed.

For details outlining the process for securing such credit and for museum internship information, go to: http://arthistory.umd.edu/internships (http://arthistory.umd.edu/internships/)

Students must complete all of the required steps outlined on the website and register for ARTH386 before the end of the schedule adjustment period for that semester. The Department does not give credit for museum and gallery internships that have already been completed.

Honors Program

If you have completed at least 12 credits in Art History and Archaeology courses and if you have an overall GPA of 3.5 or higher (in all course work, not just ARTH courses) you are qualified to work toward departmental honors at graduation. Such honors will be noted on your official transcript. Consult the Director of Undergraduate Studies for details. Among your seven 3xx/4xx-level ARTH courses required for the major, you must take at least one colloquium (ARTH488) and you also must take Methods of Art History (ARTH496). In addition to the regular requirements for the major, you must research and write an Honors Thesis (ARTH499), normally in the year when you will graduate. Before registering for this course you must identify and gain the support of a faculty supervisor. The faculty supervisor must be a regular member of the ARTH Department faculty. Adjunct faculty members do not supervise honors theses.
