Admission Requirements

See "Admission Requirements and Application Procedures" section (https://academiccatalog.umd.edu/undergraduate/requirements-application-procedures/admission-limited-enrollment-programs/) for general LEP admissions policies.

Freshman Admission

Direct admission to the Smith School is offered on space-available basis to first-time applicants who present the most competitive academic records. All students admitted directly to BMGT as freshmen must demonstrate satisfactory progress.

- All students admitted as freshmen must demonstrate satisfactory progress (2.0 GPA or better) plus completion of gateway courses (BMGT220, BMGT230, and MATH120, MATH130, MATH136 or MATH140 - each with a minimum grade of "C-" or better) by the semester they reach 45 credits (excluding AP and ESL), at which time they will be reviewed in order to continue in the Smith School major. (Note: Only one repeat of one single course to the set of gateway courses will be accepted to remain in BMGT. Appeals will be considered.)

Transfer Admission for Students from On or Off Campus

All students applying for admission to BMGT as transfer students, whether internal transfers already enrolled at UMCP or external transfer students entering the university for the first time, will be subject to competitive admission for a limited number of spaces in the Smith School of Business program at each program location. Internal and external transfer students may apply to compete for admission to the Smith School of Business in the semester they have earned 45 credits. Below are the current admission standards.

- A minimum grade point average of 3.0 in all college coursework is required for consideration for all internal and external transfer applicants. As of Fall 2019, admitted University of Maryland students applying to Business, who have completed all of the LEP gateway requirements, and have a 3.0 - 3.799 cumulative grade point average across all attempted college coursework will undergo a competitive review for admission to the Business major. Admitted University of Maryland students applying to Business, who have completed all of the LEP gateway requirements, and have a 3.8 or higher cumulative grade point average across all attempted college coursework will be admitted into the Business major.

- Completion of the following gateway courses, all with "C-" or better:

Applicants who have earned 45 credits and completed all required gateway courses at the time of their application will be notified of their admission decision in early April for fall admission and early December for spring admission. Students who are in the process of completing the required gateways or accumulating 45 credits at the time of their application will be notified of their admission decision after the semester has ended and final grades for the semester have been calculated.

For questions, call 301-314-8385 or email lep@umd.edu.

Any student denied admission or dismissed from the major may appeal to the Associate Dean of the College.

Statement of Policy on Transfer of Credit from Community Colleges

It is the practice of the Smith School of Business to consider for transfer from a regionally accredited community college only the following courses in business administration: an introductory business course, business statistics, or elementary accounting. Thus, it is anticipated that students transferring from another regionally accredited institution will have devoted the major share of their academic effort below the junior year to the completion of basic requirements in the liberal arts. A total of 60 semester hours from a community college may be applied toward a degree from the Smith School of Business.

Other Institutions

The Smith School of Business normally accepts transfer credits from regionally accredited four-year institutions. Junior- and senior-level business courses are accepted from colleges accredited by the Association to Advance Collegiate Schools of Business (AACSB). Junior- and senior-level business courses from other than AACSB-accredited schools are evaluated on a course-by-course basis to determine transferability.

The Smith School of Business requires that at least 50 percent of the business and management credit hours required for a business degree be earned at the University of Maryland, College Park.
