Civil and environmental engineers are problem solvers, innovators, and
global leaders. Their work is all around you—the buildings we live in,
the roads we travel on, the systems that treat our water, the pollution
controls that protect our health, and the strategies that help us plan and
recover from disasters. Stronger global communities, economies, and
ecosystems depend on dedicated civil and environmental engineers.

PROGRAMS

Major
• Civil Engineering Major (https://academiccatalog.umd.edu/
  undergraduate/colleges-schools/engineering/civil-environmental-
  engineering/civil-environmental-engineering-major/)

Minors
• Construction Project Management Minor (ENGR) (https://
  academiccatalog.umd.edu/undergraduate/colleges-schools/
  engineering/civil-environmental-engineering/construction-project-
  management-minor/)
• Project Management Minor (https://academiccatalog.umd.edu/
  undergraduate/colleges-schools/engineering/civil-environmental-
  engineering/project-management-minor/)

ADVISING

All Civil and Environmental Engineering majors are advised by the
following department faculty and staff:

1. Dr. Natasha Andrade, Associate Chair for Undergraduate Programs,
   0160 Glenn L. Martin Hall, nandrade@umd.edu, 301-405-1171.
2. Alan Santos, Director of Undergraduate Student Services, 0147C,
   Glenn L. Martin Hall, asantos@umd.edu, 301-405-1977.
3. Dr. Isabella Cooper, Academic Advisor, 0147E, Glenn L. Martin Hall,
   icoooper@umd.edu, 301-405-0431.

OPPORTUNITIES

Undergraduate Research Experiences

Department faculty frequently have research opportunities for
undergraduate students. Students are encouraged to contact faculty
members whose research specialties are of interest. For further
information, students are encouraged to contact the Department’s
advising staff (https://cee.umd.edu/undergraduate/current-students/
advising-support/).

Internships

Career fairs are organized regularly throughout the academic
year by the American Society of Civil Engineers (ASCE) (http://
www.ascemaryland.org/) and the Chi Epsilon student chapters, and the
Engineering Career Services Office (https://eng.umd.edu/careers/).

Study Abroad Programs

The Department offers three short-term programs with a focus on
sustainability and infrastructure. These courses count as one of the
upper tech electives in the civil engineering major and are approved
tech electives for the sustainability minor: cee.umd.edu/undergraduate/
current-students/study-abroad (https://cee.umd.edu/undergraduate/
current-students/study-abroad/).

Co-op Programs

Several excellent co-op opportunities are available for Civil and
Environmental Engineering students. See the A. James Clark School of
Engineering’s Engineering Career Services Office (https://eng.umd.edu/
careers/students/internships/) for more information on these
opportunities.

Honors Program

The Clark School offers an Engineering Honors Program (https://
eng.umd.edu/engineering-honors-program/) that provides eligible
students the opportunity to pursue an enriched program of studies that
will broaden their perspectives and increase the depth of their knowledge.

Student Societies and Professional
Organizations

• American Society of Civil Engineers
• Chi Epsilon Civil Engineering Honor Society (by invitation)
• Engineers Without Borders
• ITS Student Chapter

Scholarships and Financial Assistance

The Department of Civil and Environmental Engineering awards a number
of academic scholarships. These awards are designated primarily for
junior and senior students and are listed on the Department website
at cee.umd.edu/undergraduate/current-students/scholarships (https://
cee.umd.edu/undergraduate/current-students/scholarships/).

The Department evaluates scholarship applications each year. See the
School of Engineering website (https://eng.umd.edu/scholarships/)
for further information and application instructions on this scholarship
application.

Awards and Recognition

The Department of Civil and Environmental Engineering assigns awards
to students for excellence in academics, leadership, and service.
The awards are listed on the Department website: cee.umd.edu/
undergraduate/current-students/awards (https://cee.umd.edu/
undergraduate/current-students/awards/).
