I. Policy

It is the policy of UMD to comply with the requirements of the Federal Family Educational Rights and Privacy Act (FERPA), also known as the Buckley Amendment, concerning the disclosure of student records. FERPA affords eligible students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student’s education records.
2. The right to request the amendment of the student’s education records.
3. The right to provide written consent before UMD discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by UMD to comply with the requirements of FERPA.

Following is an outline of the policy, and an explanation of the procedures by which students may obtain access to education records. Accordingly, UMD shall provide students with annual notification of their rights pursuant to FERPA.

II. Definitions

- *Attendance* includes but is not limited to attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunication technologies for students who are not physically present in the classroom; and the period during which a person is working under a work-study program.

- *Directory Information* means information which would generally not be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, a student’s name, address, telephone listing, e-mail address, date and place of birth, major field of study, full-time/part-time status, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

- *Disclosure* means to permit access to or the release, transfer, or other communication of, PII contained in education records by any means, including oral, written, or electronic means, to any party except the party identified as the party that provided or created the record.

- *Education Records* means those records directly related to a student and maintained by UMD or by a party acting on UMD’s behalf. Education records do not include:
  1. Sole possession records: records that are kept in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a temporary substitute for the maker of the record.
  2. Records maintained by the UMD Police Department solely for law enforcement purposes and kept separately from the education records described above.
  3. Records of employment which relate exclusively to the individual in that individual’s capacity as an
employee, and are not available for use for any other purpose. (NOTE: If a currently enrolled student is employed as a result of their status as a student, records relating to that employment are education records.)

4. Medical records on a student who is eighteen years of age or older made by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional made or used only for treatment purposes and available only to persons providing treatment. (NOTE: Treatment for the purposes of this definition does not include remedial educational activities.)

5. Post-attendance records: also called alumni records, are records which contain only information relating to a person's activities after that person is no longer a student at UMD and do not relate to that person as a student.

6. Grades on peer-graded papers before they are collected and recorded by a teacher.

- 'Eligible Student' means a student who has reached the age of 18 or is attending UMD.
- 'Parent' means a parent of a student, and includes a natural or adoptive parent, a guardian, or, in the absence of natural or adoptive parents, an individual acting as a parent.
- 'Party' means an individual, agency, institution, or organization.
- 'Personally identifiable information' or 'PII' means data or information which includes, but is not limited to, a student's name; a name of a student's parent or family member; an address of a student or a student's family; a personal identifier, such as a social security number; University Identification Number (UID); or biometric record; other indirect identifiers, such as mother's maiden name; other information that alone, or in combination, is linked or linkable to a specific student and that would allow a reasonable person in the UMD community who does not have personal knowledge of the relevant circumstances to identify the student with reasonable certainty; or information requested by a person who UMD reasonably believes knows the identity of the student to whom the education record relates.
- 'Record' means any information or data recorded in any medium (e.g., handwriting, print, tape, film, microfilm, microfiche, database, or any form of electronic data storage including emails).
- 'School Official' is a person employed by any institution within the University System of Maryland in an administrative, supervisory, academic, research, or support staff role; a member of the Board of Regents; or a person engaged, employed by, or under contract with UMD to perform a special task, such as an attorney, auditor, or student serving on a UMD committee (e.g., University Student Judiciary, Honor Council, Standing Review Committee, scholarship & awards committees, etc.).
- 'Student Recruiting Information' is information identified in the Solomon Amendment that UMD is required to provide to military recruiters upon request. Those items are: student name, addresses, telephone listings, age (or year of birth), class level, academic major, degrees received, and the most recent educational institution in which the student was enrolled.

III. Right to Inspect and Review Education Records

Each student in attendance at UMD has a right to inspect and review their education records within 45 days after the day UMD receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

Procedure

Form of Request

Requests for access to education records must be made in writing and signed by the student.

Place of Request

Requests are made to:
Office of the Registrar
1130 Clarence M. Mitchell, Jr. Building
College Park, Maryland 20742-5231

Response by UMD

UMD will comply with a request for access within a reasonable period of time, not to exceed 45 days after UMD receives a request for access. Whenever possible, arrangements shall be made for the student to read the records in the presence of a staff member.

Reproduction of Records

A student may ordinarily obtain copies of education records by paying the cost of reproduction. The fee for photocopies is $0.25 per page. There is no charge for staff time to search for or collect education records. Only copies of a student's current UMD transcript will be provided. However, an official UMD transcript can be provided upon specific request of the student and subsequent payment of costs for the document.

Types and Locations of Education Records Maintained at UMD

(NOTE: All requests must be routed through the Office of the Registrar.)

1. Admissions (e.g., applications and transcripts from institutions previously attended)

5. Resident Life (e.g., student’s housing records)
   Director of Resident Life

6. Advisors (e.g., with student permission: letters of evaluation,
   personal information sheet, transcript, test scores)

7. Office of Student Conduct (e.g., student’s judicial and disciplinary
   records)
   Director of the Office of Student Conduct
   1130 Clarence M. Mitchell, Jr. Building

8. Counseling Center (e.g., biographical data, summaries of
   conversations with students, test results)
   Director of the Counseling Center
   Shoemaker Building

   (NOTE: Where records are used only for treatment purposes,
   they are not education records and are not subject to this
   policy.)

9. Financial Aid (e.g., financial Aid applications, needs analysis
   statements, awards made)
   Director of Financial Aid
   Lee Building

   (NOTE: There is no student access to parents’ confidential
   statements.)

11. Office of Student Financial Services (e.g., student accounts
    receivable, records of students’ financial charges and credits with
    UMD)
    Office of Student Financial Services
    Lee Building

Waiver of Access to Confidential Recommendations
A student may waive any or all of their rights to review confidential
letters of recommendation, subject to the following conditions:

1. The waiver must be in writing, signed by the student,
   regardless of age.

2. UMD shall not require such waivers as a condition to
   admission, or the receipt of any service or benefit.

3. If right of access is waived, a student will be notified,
   upon written request, of the names of all persons making
   confidential recommendations. Such recommendations
   shall be used only for the purpose for which they were
   specifically intended.

A waiver may be revoked in writing at any time; however, by revoking
it, the student does not have the right to inspect and review
documents collected while the waiver was in force.

IV. RIGHT TO REQUEST THE AMENDMENT OF
    EDUCATION RECORDS
It is the policy of UMD to provide students the opportunity to
request that amendments be made to their education records which
are believed to be inaccurate, misleading, or which violate the right
to privacy or other rights.

Request to Amend an Education Record
1. A request must be in writing to the Office of the Registrar.
2. A request must contain:
   a. the specific document(s) being challenged; and
   b. the basis for the challenge.
3. UMD shall decide within a reasonable period of time
   whether to amend the document(s). The student shall be
   notified of the decision in writing, and if the decision is to
   refuse to amend, the student shall be notified of the right
to a hearing.

Right to a Hearing
1. Upon request, a student shall be provided an opportunity
   for a hearing to challenge the content of education
   records.
2. A request for a hearing must be made in writing to the
   Office of the Registrar.
3. Within a reasonable period of time, the student shall be
   given reasonable advance notice in writing of the date,
   place, and time.

Conduct of Hearing
1. The hearing shall be conducted by a UMD official with no
   direct interest in the outcome.
2. The student shall have a full and fair opportunity to
   present evidence, and may be represented by individuals
   of their choice, including an attorney. The cost for such
   representation shall be the responsibility of the student.

Decision
1. The student shall be notified in writing within a reasonable
   period of time.
2. The decision is to be based solely upon evidence
   presented at the hearing, and must include a summary of
   the basis of the decision.
3. In cases where the challenged information is found to
   be inaccurate, misleading, or otherwise in violation of
   the privacy or other rights of the student, the education
   records shall be amended accordingly within a reasonable
   time.
4. In cases where the challenged information is not found to
   be inaccurate, misleading, or otherwise in violation of the
   privacy or other rights of a student, the student shall be
   informed in writing of the right to place in the challenged
   record a statement commenting on the information and
   explaining any reasons for disagreeing with the decision.
5. The statements described above shall be kept as part of
   the student’s record and disclosed whenever that portion
   of the record is disclosed.

V. Disclosure of Personally Identifiable Information
It is the policy of UMD to limit disclosure of PII without a student’s
prior written consent, subject to the following limitations and
exceptions:

Directory Information
1. This information may be disclosed and may appear in
   public documents unless a student files a written notice
Prior Consent Not Required

Prior consent is not required for disclosure of education records in several circumstances. These circumstances include disclosure:

1. To the student.
2. To anyone, if UMD has obtained the prior written consent of the student.
3. To anyone, in response to request for directory information, unless the student has opted out.
4. To UMD school officials determined to have a legitimate educational interest. They may access student education records within the scope of performing their job duties.

A school official has a legitimate educational interest if the official is:

a. Performing a task that has been assigned as part of their duties or a position description or contract.
b. Performing a task related to a student's education.
c. Performing a task related to the discipline of a student.
d. Providing a service or benefit relating to the student's family, such as health care, counseling, job placement, or financial aid.

5. To officials of another institution of post-secondary education where the student seeks or intends to enroll, or where the student is already enrolled, if the disclosure is for purposes related to the student's enrollment or transfer. A student will be provided with a copy of the records which have been transferred upon request and payment of copying fees as described above.

6. To authorized representatives of the following government entities, if the disclosure is in connection with the audit or evaluation of federal- or state-supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs: U.S. Comptroller General, U.S. Secretary of Education, U.S. Attorney General or state and local educational authorities, such as the Maryland Higher Education Commission (MHEC), the authority that is responsible for supervising UMD's education programs.

Subject to controlling federal law, these officials will protect information received so as not to permit personal identification of students to outsiders.

7. To authorized persons and organizations, such as the Department of Veterans Affairs or an employer, in connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.

8. To state and local officials to which such information is required to be reported by effective state law adopted prior to November 19, 1974.

9. To organizations conducting education studies for, or on behalf of, UMD for the purpose of developing, validating, or administering predictive tests; administering student programs; and improving instruction. The studies shall be conducted so as not to permit personal identification of students to outsiders, and the information is to be destroyed when no longer needed for these purposes.

10. To accrediting organizations to carry out their accrediting functions.
11. To either parent of a student who is claimed as a dependent for income tax purposes by at least one parent.
12. To parents when their student (under age 21) is found to have violated UMD's alcohol or drug policies.
13. To appropriate parties when UMD determines that disclosure is necessary to protect the health or safety of the student or other individuals and the information will assist in resolving the emergency.
14. In response to a court order or subpoena, including ex parte orders under the USA Patriot Act. Unless the issuing entity orders UMD against prior notification, UMD will make reasonable efforts to notify the student before complying with the court order or subpoena.

15. To an alleged victim of a crime of violence when the disclosure is the result of a disciplinary hearing regarding the alleged perpetrator of that crime with respect to that crime.

16. To anyone requesting the final results of a disciplinary hearing against an alleged perpetrator who has been found in violation of the UMD Code of Student Conduct or UMD Sexual Misconduct Policy and Procedures relating to a crime of violence or non-forcible sex offense.

17. To the Department of Homeland Security (DHS), Immigration and Customs Enforcement (ICE) for the purpose of complying with a request from ICE relative to UMD's participation in the Student and Exchange Visitor Program (SEVIS).

18. To military recruiters who request "Student Recruiting Information" for recruiting purposes only (e.g., Solomon Amendment).

19. To the Internal Revenue Service (IRS) for purposes of complying with the Taxpayer Relief Act of 1997.

20. When the disclosure concerns sex offenders and other individuals required to register under state or federal law, and the information was provided to the University under 42 U.S. C. 14071 and applicable federal guidelines.

Prior Consent Required In All Other Cases

1. UMD will not release PII in education records, or allow access to those records without prior consent from the student.
2. The consent must be in writing, signed by the student, and dated. The consent will remain in effect until rescinded by the student, or its purpose is achieved.
3. The student must specify the records to be disclosed, the identity of the recipient, and the purpose of the disclosure.
4. A copy of the record disclosed will be provided to the student upon request and payment of copying fees described above.
Record of Disclosures

1. Maintenance of List: UMD shall maintain a list of each request and each disclosure of PII with each student’s education records. The list shall include:
   a. the parties who have requested and/or received the information; and
   b. the legitimate interest the parties had in requesting and/or receiving the information.

2. Inspection of List: The list of disclosures may be inspected by:
   a. the student;
   b. the official custodian of the record; and
   c. other UMD and governmental officials.

3. Exceptions: Disclosures in the following circumstances do not need to be recorded:
   a. disclosures to the student;
   b. disclosures pursuant to written consent;
   c. disclosures to school officials including instructional or administrative officials of UMD;
   d. disclosures of directory information; and
   e. disclosures related to judicial orders or lawfully issued subpoenas.

VI. Right to File a Complaint

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by UMD to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

VIII-2.70 Classification for Admission and Tuition

Appendix H: Policy on Student Abandon his or her former home state; and

Annotated Code of Maryland, Education Article, §12-101. not qualify for in-state status under this policy:

Either of the following circumstances raises a presumption that the student is residing in the State of Maryland primarily for the purpose of attending an educational institution and therefore, does not qualify for in-state tuition. Students not entitled to in-state or out-of-state status will be made by the applicable USM institution upon a review of the totality of facts known or presented to it.

In-state Status

To qualify for in-state tuition, a student must demonstrate that, for at least twelve (12) consecutive months immediately prior to and including the last date available to register for courses in the semester/term for which the student seeks in-state tuition status, the student had the continuous intent to:

1. Make Maryland his or her permanent home; and
2. Abandon his or her former home state; and
3. Reside in Maryland indefinitely; and
4. Reside in Maryland primarily for a purpose other than that of attending an educational institution in Maryland.

Satisfying all of the requirements in Section II (and Section III, when applicable) of this policy demonstrates continuous intent and qualifies a student for in-state tuition. Students not entitled to in-state status under this policy shall be assigned out-of-state status for admission and tuition purposes.

Presumption

Either of the following circumstances raises a presumption that the student is residing in the State of Maryland primarily for the purpose of attending an educational institution and therefore, does not qualify for in-state status under this policy:

1. A student is attending school or living outside Maryland at the time of application for admission to a USM institution, or
2. A student is Financially Dependent on a person who is not a resident of Maryland.

This presumption may be rebutted. The student bears the burden of rebutting the presumption. See ‘III. Rebuttal Evidence’ below.

Requirements

Before a request for classification to in-state status will be considered, a student must comply with all of the following requirements for a period of at least twelve (12) consecutive months immediately prior to and including the last date available to register for courses in the semester/term for which the student seeks in-state tuition status. The student must demonstrate he or she:

1. Owns or possesses, and has continuously occupied, including during weekends, breaks and vacations, living quarters in Maryland. The student must provide evidence of a genuine deed or lease and documentation of rent payments made. In lieu of a deed or lease, a notarized affidavit from a landlord showing the address, name of the student as occupant, term of residence, and history of rent payments made will be considered. As an alternative, a student may demonstrate that he or she shares living quarters in Maryland which are owned or rented and occupied by a parent, legal guardian or spouse.
2. Has substantially all of his or her personal property, such as household effects, furniture and pets in Maryland.
3. Has paid Maryland income tax on all taxable income including all taxable income earned outside the State and has filed a Maryland tax return.
4. Has registered all owned or leased motor vehicles in Maryland.
5. Possesses a valid Maryland driver’s license, if licensed.
6. Is registered to vote in Maryland, if registered to vote.
7. Receives no public assistance from a state other than the State of Maryland or from a city, county or municipal agency other than one in Maryland.
8. Has a legal ability under Federal and Maryland law to live permanently without interruption in Maryland.
9. Has rebutted the presumption that he or she is in Maryland primarily to attend an educational institution, if the student’s circumstances have raised the presumption.

Rebuttal Evidence

Satisfying the requirements listed in paragraphs 1-8 of Section II, does not rebut the presumption that a student is in Maryland primarily to attend an educational institution. To overcome the presumption, a student must present additional evidence.

To determine a student’s intent, the University will evaluate evidence of a student’s objectively verifiable conduct. Evidence that does not document a period of at least twelve (12) consecutive months immediately prior to and including the last date available to register for courses in the semester/term for which the student seeks in-state tuition status is generally considered an unfavorable factor under this policy. Evidence of intent must be clear and convincing and will be evaluated not only by the amount presented...
but also based upon the reliability, authenticity, credibility and relevance of the evidence.

The absence of objective, relevant evidence is generally considered an unfavorable factor. A student’s statement of intent to remain in Maryland in the future is generally not considered to be objective evidence under this policy.

Additional evidence that will be considered includes, but is not limited to, the following:

1. Source of financial support:
   a. Maryland employment and earnings history through sources beyond those incident to enrollment as a student in an educational institution e.g., beyond support provided by work study, scholarships, grants, stipends, aid, student loans, etc. (Tuition costs will be considered as a student expense only to the extent tuition exceeds the amount of any educational scholarships, grants, student loans, etc.) or
   b. Evidence the student is Financially Dependent upon a person who is a resident of Maryland.
2. Substantial participation as a member of a professional, social, community, civic, political, athletic or religious organization in Maryland, including professionally related school activities that demonstrate a commitment to the student’s community or to the State of Maryland.
3. Registration as a Maryland resident with the Selective Service, if male.
4. Evidence showing the student uses his or her Maryland address as his or her sole address of record for all purposes including on health and auto insurance records, bank accounts, tax records, loan and scholarship records, school records, military records, leases, etc.
5. An affidavit from a person unrelated to the student that provides objective, relevant evidence of a student’s conduct demonstrating the student’s intent to live permanently in Maryland.

Non-Residents Who May Temporarily Qualify For In-State Status

In addition, persons with the following status shall be accorded the benefits of in-state status for the period in which they hold such status:

1. A full-time or part-time (at least 50 percent time) regular employee of USM or a USM institution.
2. The spouse or Financially Dependent child of a full-time or part-time (at least 50 percent time) regular employee of USM or a USM institution.
3. An active duty member of the Armed Forces of the United States who is stationed in Maryland, resides in Maryland, or is domiciled in Maryland, or the spouse or a Financially Dependent child of such an active duty member. Spouses and children who qualify for exemptions under this provision will retain in-state status for tuition purposes as long as they are continuously enrolled, regardless of whether the active duty member’s station assignment, residence, or domicile remains in Maryland.
4. A veteran of the Armed Forces of the United States who provides documentation that he or she was honorably discharged and currently resides or is domiciled in Maryland.

5. A veteran who lives in Maryland and was discharged from a period of at least 90 days of service in the active military, navy, or air service less than three years before the date of the veteran’s enrollment and is pursuing a course of education with educational assistance under 38 U.S.C. §3001 or 38 U.S.C. §3301.3

6. The spouse or child of a veteran, provided that:
   a. the veteran was discharged or released from a period of at least 90 days of service in the active military, navy, or air service less than three years before the date of the spouse or child’s enrollment (or in the case of a spouse or child seeking benefits under the Post-9/11 G.I. Bill, the veteran died in the line of duty on or after September 11, 2001 but less than three years before the date of enrollment);
   b. the spouse or child is entitled to assistance under Post-9/11 G.I. Bill, 38 U.S.C. §3319 and, 38 U.S.C. §3311(B)(9);
   c. the spouse or child currently lives in Maryland; and
   d. the spouse or child is pursuing a course of education with educational assistance under 38 U.S.C. §3001 or 38 U.S.C. §3301.4

7. A member of the Maryland National Guard, as defined in the Public Safety Article of the Maryland Annotated Code, who joined or subsequently serves in the Maryland National Guard to:
   a. provide a critical military occupational skill; or
   b. be a member of the Air Force Critical Specialty Code as determined by the National Guard.

8. For UMUC, a full-time active member of the Armed Forces of the United States on active duty, or the spouse of a member of the Armed Forces of the United States on active duty.

9. A graduate assistant appointed through a USM institution for the semester/term of the appointment. Except through prior arrangement, this benefit is available only for enrollment at the institution awarding the assistantship.

1. Annotated Code of Maryland, Education Article § 15-106.4.

Procedures

1. An initial determination of in-state status will be made at the time of admission. The determination made at that time, and any determination made thereafter, shall prevail for each semester/term until the determination is successfully challenged in a timely manner.

2. A change in status must be requested by submitting a USM institution’s ‘Petition for Change in Classification for Tuition’. A student applying for a change to in-state status must furnish all evidence that the student wishes the USM institution to consider at the time the petition is due. The due date is based on the deadline set forth by the USM institution at which the student seeks to enroll. If the applicable USM institution has no such deadline,
the due date is the last published date to register for the forthcoming semester/term for which the change in classification is sought.

3. The student shall notify the USM institution in writing within fifteen (15) days of any change in circumstances which may alter in-state status.

4. In the event incomplete, false, or misleading information is presented, the USM institution may, at its discretion, revoke in-state status and take disciplinary action provided for by the institution’s policy. Such action may include suspension or expulsion. If in-state status is gained due to false or misleading information, the institution reserves the right to retroactively assess all out-of-state charges for each semester/term affected.

5. Each USM institution shall develop and publish additional procedures to implement this Policy. Procedures shall provide that on request the institution President or designee has the authority to waive any requirement set forth in Section II if it is determined that the application of the requirements creates an unjust result. These procedures shall be filed with the Office of the Chancellor.

Definitions

1. Financially Dependent: For the purposes of this policy, a financially dependent student is one who is claimed as a dependent for tax purposes.

2. Parent: A parent may be a natural parent, or, if established by a court order recognized under the law of the State of Maryland, an adoptive parent.

3. Guardian: A guardian is a person so appointed by a court order recognized under the law of the State of Maryland.

4. Spouse: A spouse is a partner in a legally contracted marriage.

5. Child: A child is a natural child or a child legally adopted pursuant to a court order recognized under the law of Maryland.

6. Regular Employee: A regular employee is a person employed by USM or a USM institution who is assigned to a State budget line or who is otherwise eligible to enroll in a State retirement system. Examples of categories not considered regular employees are graduate students, contingent employees, and independent contractors.

7. Continuous Enrollment:
   a. Undergraduate Student - An undergraduate student who is enrolled at a USM institution for consecutive fall and spring semesters, until completion of the student’s current degree program or unless on an approved leave of absence or participating in an approved program off-campus.
   b. Graduate and Professional - Continuous enrollment for a graduate or professional student is defined by the institution in accordance with program requirements.

Implementation

This policy as amended by the Board of Regents on April 10, 2015 shall be applied to all student tuition classification decisions effective July 1, 2015 and thereafter.

Appendix K: Policy on Participation by Students in Class Exercises that Involve Animals

Students who are concerned about the use of animals in teaching have the responsibility to contact the instructor, prior to course enrollment, to determine whether animals are to be used in the course, whether class exercises involving animals are optional or required and what alternatives, if any, are available. If no alternatives are available, the refusal to participate in required activities involving animals may result in a failing grade in the course. Departments including courses where animals are used must actively inform students of such courses, including, but not limited to, notices in the Catalog.

The University of Maryland, College Park campus, affirms the right of the faculty to determine course content and curriculum requirements. The University, however, also encourages faculty to consider offering alternatives to the use of animals in their courses. In each course, the instructor determines whether the use of animals in the classroom exercises will be a course requirement or optional activity. The following departments have courses that may require animals to be used in class activities: Animal and Avian Sciences, Cell Biology and Molecular Genetics, Psychology, Veterinary Medicine, Biology, and courses with the NFSC prefix.

Appendix L: Completion of Interrupted Degree

Students whose registration at the University of Maryland, College Park, has lapsed for more than 10 years shall be required to complete a minimum of 15 credit hours at College Park after their return to campus in order to earn a baccalaureate degree.
Recommendations about courses needed to satisfy the remaining degree requirements will be made at the department level, with approval of the Dean's Office required. The reason for requiring these credits is that many fields change sufficiently in 10 years to require that students take current courses if they are to be awarded a current degree. Exceptions to the requirement for a minimum of 15 credits earned at College Park upon return to the campus can be recommended by the Deans for approval in the Office of the Vice President for Academic Affairs.

Apple M: University of Maryland Policy on the Collection, Use and Protection of ID Numbers VI-26.00(A)

The policy below is current as of this publication. For more information and possible updates go to:

VI-26.00(A) University of Maryland Policy on the Collection, Use and Protection of ID Numbers

(Approved by the President May 31, 2005; Technical Amendment November 7, 2013)

Purpose

The University of Maryland is dedicated to ensuring the privacy and proper handling of confidential information relating to students, faculty, staff and individuals associated with the University. Traditionally, the Social Security Number (SSN) has been used as a common "person" identifier and the key to University "person" databases. The purpose of this policy is to authorize the creation of new methods of unique identification that will replace reliance on the SSN and allow for easy identification of a person for University transactions.

Policy

Use of the SSN as an identifier will be discontinued, except where required for employment, IRS reporting, Office of Institutional Research, Planning & Assessment, federal student financial aid processing, state and federal reporting and a limited number of other business transactions.

While the SSN will be collected and retained as authorized by law, it will not be used for routine identification or authentication purposes. Instead, a unique, nine digit university identification number called U ID Number will be assigned to each individual. For computer access, individuals will also have a unique Directory ID. For complete authentication, these identifiers (U ID Number and Directory ID) are accompanied by the use of a PIN or password.

Policy Implementation

1. The University of Maryland prohibits the use of a person's SSN as a publicly visible identification number for University-related transactions, unless specifically required by law or business necessity. A listing of currently approved uses is provided in Appendix A. This list is subject to change.

2. The University of Maryland will use SSN as a data element but not as a key for access to databases.

3. Each member of the University community will be assigned a unique identification number that will not be the same as nor derived from the individual's SSN. This number is called the U ID Number.

4. Software systems purchased or developed by the University of Maryland will not display a SSN either in read-only format or on print or other system output, unless authorized by law or business necessity.

5. Name and directory systems, purchased or developed by the University of Maryland, will be keyed for access by an individual's unique U ID Number, not the SSN.

6. When databases need to utilize SSN, they will use secure conversion tables or other technical mechanisms that automatically cross-reference SSN and other information within systems. In exceptional circumstances, it may be necessary to use SSN as an alternate search field. All such cases shall be referred to the data custodian (Office of the Registrar for students, UHR for employees) who shall seek approval from the University Data Policy Advisory Committee (DPAC) DPAC has a strict procedure for reviewing and approving requests for the use of SSN in any campus application or database. Justifications must be submitted to the appropriate divisional DPAC representative for committee review and consideration of approval. In addition, any transmission of data containing SSN over any communication network must be transmitted using a secure methodology.

7. Systems or technology developed or purchased by the University of Maryland after the effective date of this policy shall comply with these provisions.

8. For computer access or login purposes, members of the University community will also be assigned a Directory ID. The Directory ID will be used as a standard identifier for all computer resource authentication purposes but individuals may also be allowed to authenticate by using their U ID Number.

9. Campus validation of University of Maryland photo ID cards will be by reference to either the holder's U ID Number or bar code.

Timeframe for Implementation

The University of Maryland recognizes that some of its major systems are currently keyed for access to SSN as an identifier and that the conversion of all systems will take time and resources. The expectation is that there will be a steady and purposeful movement away from dependency on SSN. Appropriate interim measures may be developed until such time as the conversion to U ID Numbers is complete.

"Legacy" Data

The University recognizes that the SSN must be retained and used as a person identifier in older "legacy" data pertaining to ex-students and ex-employees as it is impractical to assign U ID numbers to these individuals.

Protection of ID Data Held in Secondary or Derivative Data Files

Any University office that collects and maintains an individual's social security number in any media must:

1. Ensure that the number is stored in a secure and confidential environment;

2. Eliminate using the number for any purpose except those specifically addressed in this policy;

3. Begin a steady and purposeful movement away from its dependency on the SSN in performing its functions and processes; and
4. follow University guidelines for the retention and destruction of records containing the SSN.

Notification Requirement
Any University office that collects SSN from an individual must provide a disclosure statement approved by the Data Policy Advisory Committee. Notifications for students, employees, and affiliates/guests are provided in Appendix B.

Appendix A
Uses for Social Security Numbers (SSN) (Subject to change)

Employment
The SSN is required for a variety of employment matters; such as tax withholding, FICA, Medicare, etc. SSN may also be used and maintained if it is supplied by an employee as documentation when completing the Federal I-9 Employment Authorization Form.

Application and Receipt of Financial Aid
Any student who applies for student aid by use of the federal Free Application For Student Assistance (FAFSA) is required to provide his SSN. Students are also required to provide SSNs when applying for student education loans.

Tuition Remission
The SSN is required for state reporting of taxable tuition remission benefits received by employees, their spouses and dependents, and by graduate assistants.

Veterans Administration Benefits
The SSN is required for enrollment verification and reporting on all Veterans Administration beneficiaries.

IRS Reporting
The SSN is used for producing federally required 1098-T forms, which report the amount of tuition paid to the University during the tax year. Copies of these forms are mailed to students each year, and the information reported to the IRS. In addition, the University reports the value of all taxable and non-taxable scholarships and grants awarded to non-resident aliens to the IRS.

Inter-Institutional Communication and Information Exchange
Many institutions, including postsecondary educational institutions, use the SSN as a student identifier. To ensure the accuracy of inter-institutional data exchanges (transcripts, transfer credit evaluations, USM ArtSys data base, MHEC, etc.) the SSN may be used for the exchange of information from student academic records between appropriate institutions including other colleges and universities.

Tracking Name Changes of Students and Alumni
The SSN is also used internally to track name changes of students and alumni of the University.

Appendix B Required Disclosure Statements

Student Notification
*Use of Social Security Number (SSN) - Students

Section 15-110 of the Education Article of the Annotated Code of Maryland prohibits the use of SSN on University identification cards. Section 7(b) of the Privacy Act of 1974 (5 U.S.C. 522a) and section 10-624 of the State Government Article of the Annotated Code of Maryland, also require that when any Federal, State, or local government agency requests an individual to disclose his or her Social Security Number (SSN), that individual must also be advised whether the disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited, what use will be made of it, the specific consequences for failure to provide the information, whether the information is generally available for public inspection and whether the information is made available or transferred to or shared with any entity other than the University.

Accordingly, each employee is advised that disclosure of his or her SSN is required as a condition of employment at the University of Maryland in complying with State and Federal employment matters including but not limited to, the withholding and reporting of State and Federal income tax, FICA, and Medicare insurance tax. Additionally, the SSN may be used and maintained, when supplied by an employee, as documentation for completing the Federal I-9 Employment Authorization Form. The employee’s SSN will be used to accurately record state and federal
required data as necessary or required for the conduct of legitimate University business and consistent with applicable law. This number will be maintained in a secure and confidential manner and not be re-disclosed for any other purpose.

The authority for requesting disclosure of an employee’s SSN is grounded in various federal laws including but not limited to, 42 U.S.C. 405c, affecting wage reporting and withholdings.

Efforts to limit the use of SSN include the issuance of a unique U ID Number that is assigned to all employees as part of their initial employment and will be used for all University identification purposes.

**Affiliates Notification**

“Use of Social Security Number (SSN) – Affiliates/Guests who receive University services and are not students, employees, or non-paid appointees.

Section 7(b) of the Privacy Act of 1974 (5 U.S.C. 522a) and section 10-624 of the State Government Article of the Annotated Code of Maryland, requires that when any Federal, State, or local government agency requests an individual to disclose his or her social security number, that individual must also be advised whether the disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited, what use will be made of it, the specific consequences for failure to provide the information, whether the information is generally available for public inspection and whether the information is made available or transferred to or shared with any entity other than the University.

Accordingly, each affiliate/guest is advised that disclosure of his or her SSN is requested as a condition of applying for services from the University of Maryland for the purpose of administering those services. The University may use an affiliate or guest’s SSN to accurately identify affiliates/guests, to coordinate services administered by different departments, and to ensure accuracy of data as necessary for the conduct of legitimate University Business and consistent with applicable law. The SSN will be maintained in a secure and confidential manner and not be re-disclosed for any other purpose.

A unique U ID Number is assigned to affiliates/guests as part of their initial request to receive University services and is used for all University identification purposes.

(Approved by the President August 1, 1991; revised June 1, 2000; amended February 4, 2014)

**Policy**

The University enforces a mandatory pre-matriculation immunization requirement to reduce the incidence and risk of vaccine-preventable disease in the university community. This policy meets the regulatory requirements of the State of Maryland Department of Health and Mental Hygiene. It is also consistent with the recommendations for pre-matriculation immunizations of the Advisory Committee on Immunization Practices (ACIP) of the U.S. Center for Disease Control and Prevention, and the American College Health Association.

**Applicability**

This policy applies to all undergraduate and graduate degree and non-degree seeking students, regardless of credit hours, taking courses on campus at the University’s main campus or any of its satellite locations. Students taking courses online, overseas, or at their place of employment if employment is off-campus, are exempt from this policy.

**Immunization Requirements**

1. All students to whom this policy applies shall be required to provide proof of 2 MMR immunizations or 2 measles, 1 mumps, 1 rubella and tetanus/diphtheria/pertussis (Td/Tdap) within the past 10 years. These immunization requirements do not apply to students born before 1957. Students living in on-campus residence halls must also provide proof of meningococcal vaccine within 5 years of matriculation, or sign the waiver on the University’s immunization form.

2. An immunization form must be completed and returned to the Health Center prior to the first day of classes.

3. Students in noncompliance with this requirement shall be unable to drop/add classes or register for their second semester. This restriction shall be lifted by the University Health Center upon receipt of the required information or the granting of an approved waiver as described in Section 4.

4. Exemptions:
   a. A student who objects to immunization upon the grounds that it conflicts with his or her bonafide
religious beliefs and practices may not be required to present a physician’s certificate of immunization in order to register for classes. A religious exemption may be obtained by submitting the request to the Director of the Health Center. In case of an epidemic or disease outbreak, declared by the State of Maryland Secretary of Health and Mental Hygiene or his/her designee, the student must be immunized or not attend classes or functions on campus until the outbreak has resolved.

b. A student may be exempted from an individual vaccine-specific immunization requirement if he or she presents a written statement from a licensed physician or a local deputy state health officer indicating that immunization is medically contraindicated. The physician’s statement shall state whether the contraindication is permanent or temporary. If temporary, the physician must provide a date by which the student will receive the vaccine and provide documentation when the immunization has been completed. Should there be an epidemic or disease outbreak that is pertinent to the student’s immunization status, the student cannot attend classes or functions on campus until the outbreak has resolved.
